

SMARTPOWER™

Your
Brilliantly SMART
warewashing solution

ECOLAB®
PROTECTING WHAT'S VITAL™

Did you know?

Cleanliness is the top consideration when choosing a restaurant* & the most common consumer complaint in restaurants is about unclean ware.**

Guests now value cleanliness more than the cost of the meal and indicate they will spend twice as much per month at restaurants that meet cleanliness standards than at those that don't meet cleanliness standards.***

*** The New Normal for Restaurants study - Simon-Kucher & Partners

Brilliantly smart. First time, every time.

Welcome to **SMARTPOWER™** from Ecolab, the complete warewashing solution you can trust to deliver the visibly brilliant results you need and your customers expect, first time, every time.

It's more than just cleaning products. It's a smarter cleaning program that works harder by combining proprietary chemistry, innovative technology, with actionable performance data to deliver results you can rely on.

Because when it comes to achieving the highest standards in health, safety and hygiene, nothing less than brilliant will do.

With Ecolab as your partner in hygiene, you have the support you need to turn business challenges into opportunities that can propel you towards a brighter, cleaner, and more sustainable future for good.

Brilliantly streamlined

From its solid cleaning chemistry to its accurate dispensing, everything about **SMARTPOWER™** is designed to simplify your operations.

- ✗ **Optimise** efficiencies with reduced task time.
- ✗ **Minimise** waste with reduced packaging and breakages, whilst minimising storage with high-concentration, solid formulations.
- ✗ **Load** quickly, safely, and easily with a shape and colour coding system.

SMARTPOWER™ goes beyond a brilliant clean to add total value to your operations.

Up to

99%

reduced waste

Based on average rewash reduction rates, versus traditional liquid warewashing operations.

Up to

10%

average reduction of energy, water and task time

Brilliantly visible

The data-driven insights you'll get from **SMARTPOWER™** will enable you to make informed decisions and reduce operational disruptions.

- ✗ **Stay** informed with regular reports that offer total transparency.
- ✗ **Identify** opportunities for improvement with the intel you need.
- ✗ **Optimise** performance with expert support from your onsite Ecolab Territory Manager.

“

Even while it's working hard to clean, I know it's saving me time and resources, while promoting food safety and sustainability.”

Brilliantly complete

Dish by dish, day by day, the smart technology, powerful chemistry and the dedicated on-site support behind **SMARTPOWER™** creates a complete warewashing solution you can trust, from start to finish.

- ✘ **Safeguard** your reputation for quality and hygiene.
- ✘ **Minimise** disruptions with a fully integrated program.
- ✘ **Maximise** the overall efficiency of your warewashing operation.

“

Not only does **SMARTPOWER™** give us the performance insights to continually improve efficiencies going forward, it also signals potential issues which subsequently prevents bigger warewashing disruptions occurring.”

Smart technology

The technology driving **SMARTPOWER™** optimises performance and costs with every wash. From accurate dispensing and a closed system, to usage reporting, it's a complete smart cleaning solution you can rely on.

- ✦ Get consistent dosage and accurate dispensing.
- ✦ Create a clean and safe environment with off-the-floor installation.
- ✦ Reduce safety risks with a 100% spill-proof products.
- ✦ Minimise waste by up to 99% with reduced packaging.

SMARTPOWER™ comes in lightweight solid blocks, improving ergonomic handling and facilitating safe, accurate loading using a reliable shape and colour coding system.

Every brilliantly clean finish starts with **SMARTPOWER™**.

Brilliantly dependable

More and more clients are adopting **SMARTPOWER™** and experiencing the total value it delivers across their business. And with these results, it's easy to see why.

WATER

86,800 = **1736**
Litres = bathtubs 

PROCEDURE TIME

532 = **73**
Hours = working days 

ENERGY

9,837 = **328**
kWh = houses 
for a day

CO2

2665 = **192**
kg = trees 
over a month

WASTE

118 = **2,803**
kg = 2 liter 
bottles

Data is based on an average customer consumption for 1 year.

Equivalents based on:

Water based on a 50 Liter bathtub

Procedure time of 30 seconds per warewashing rack

Energy based on a house consuming 30kWh per day

CO2 based on Trees absorbing 13.91 KG CO2 per month (167KG per year) — source ecotree.green 2022

Waste based on each 2L plastic drinks bottle weighing 0.042 Kg

By reducing waste, water use, energy consumption, and CO₂ emissions, SMARTPOWER™ can help us create a more certain tomorrow today, together.
