# WAYS TO REDUCE THE SPREAD OF COLD & FLU

# and other seasonal viruses

### **WASH**

Wash your hands often with soap and water. If soap and water are not available, use an alcohol-based hand rub.

### **DISINFECT**

Disinfect high-touch surfaces using an EPA-registered product and following contact time on label to disinfect.<sup>1</sup>

### **AVOID**

Avoid close contact with people who are sick and stay home when sick.

### **COVER**

Cover your nose and mouth with a tissue when you cough or sneeze. Throw the tissue away after using it.

## **DON'T TOUCH**

Avoid touching your eyes, nose and mouth. Germs are easily spread by touching these areas.

Flu vaccine is critical in helping prevent or reduce severity of seasonal flu<sup>2</sup>
